

Chapel Street Nursery School

‘Governing Body Vision Statement’

The Governing Body of Chapel Street Nursery School endeavours to lead the way to be outstanding. The goal is for children and staff to enjoy **Playing Together**, to achieve independence through **Exploring Together** and **Learning Together** allowing children to strive for excellence and recognise their self-worth.

We will act as a critical friend to school leaders, to ensure the nursery school is financial viable. We will work collaboratively with all stakeholders, ensuring accountability, so that our children receive the best safeguarding and education.
