

Chapel Street Nursery School

Playing Together, Exploring Together, Learning Together

Values

- We are a fully inclusive setting and respect the children for who they are and where they come from.
- We value parents as the first educator of the children and develop strong links with our families.
- We ensure Chapel Street is a safe and healthy setting where our children enjoy attending.
- We value our staff and ensure they are well trained and up to date with current research.

Ethos

- We endeavour to instil a lifelong desire to learn by providing high quality teaching through our NURTURING curriculum.
- We strive for brilliance.
- We will start from where children are in their development and their interests. We identify barriers to learning and work to remove these to extend children's skills and help them reach their full potential. We aim for the children to be confident and social young people.
- We know that children learn through play and exploring and we will provide opportunities for children to play and explore both indoors and outside.
- We foster independence in our children giving them freedom of choice; we encourage them to manage risk.
- We work towards being a valued part of our community providing services that meet the needs of our families.
